Steven is the founder and owner of Sperra Construction Group Inc and Blackhawk Custom Builders. Currently, Sperra Construction Group focuses on commercial general contracting in all Maritime Provinces with plans for expansion across Canada over the next 5-10 years. Blackhawk Custom Builders is a PEI only, residential general contracting company with a primary focus on Custom Deck designs and construction. Blackhawk currently has a partnership with the hit TV series “DECKED OUT” which airs on HGTV and offers the opportunity of projects being aired on national television and one of a kind design from one of Canada’s most respected outdoor living space designers, Paul LaFrance. Steven is a board member for his local construction association, volunteers at many social functions and is a frequent guest speaker at the UPEI School of business.
